

APRIL TRAIL PLAN

JOHN DIETRICH TRAIL- 3.51 MILES

DAVID MURDOCK TRAIL - 4.84 MILES

THE SHANDA DIXON LOOP (BONUS) - 1.39 MILES

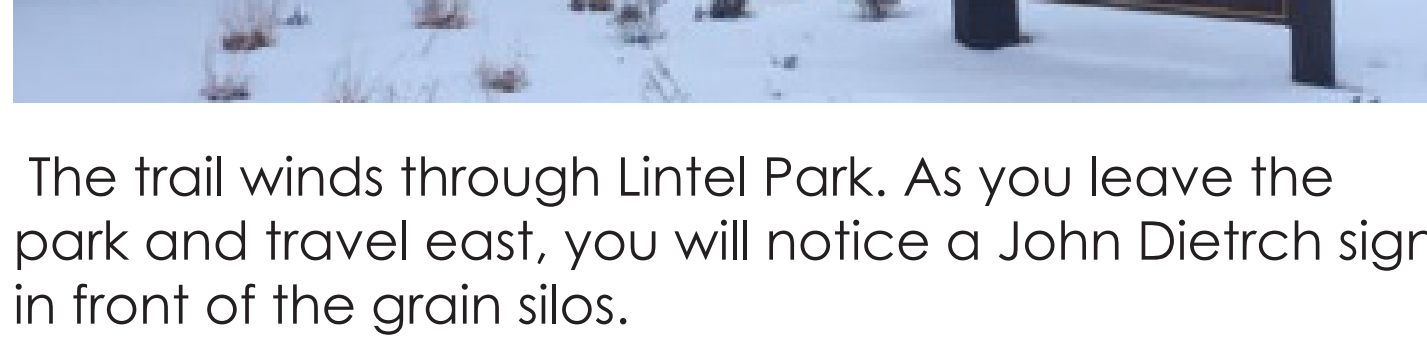

WELCOME!

The 2022 Trail-A-Thon is your chance to explore every inch of trail by biking, running, or walking! Our goal is for people to see and appreciate the great trail system in Lincoln.

START

The John Dietrich Trail winds through the northeast Lincoln, and starts at 17th & Holdrege, where it meets with the Billy Wolff Trail.

Parking: You can park at the dead end on Holdrege St (off of N. 17th St.) and walk to where the trail sign is located. This is what we did. Or you could park at Lintel Park but you would have to back track a little toward N. 17th to start (less than 1/2 mile). If you prefer to run west to east (toward downtown), then you could park at 48th & Hartley.

After you cross the Dietrich Bikeway Bridge, you will travel along Holdrege street on the sidewalk for approx. 2-3 blocks where the trails picks back up at Lintel Park.

The trail winds through Lintel Park. As you leave the park and travel east, you will notice a John Dietrich sign in front of the grain silos.

This trail is marked with light green arrows (see pictures). Follow these and you should have no problems.

TRANSITION TO MURDOCK TRAIL

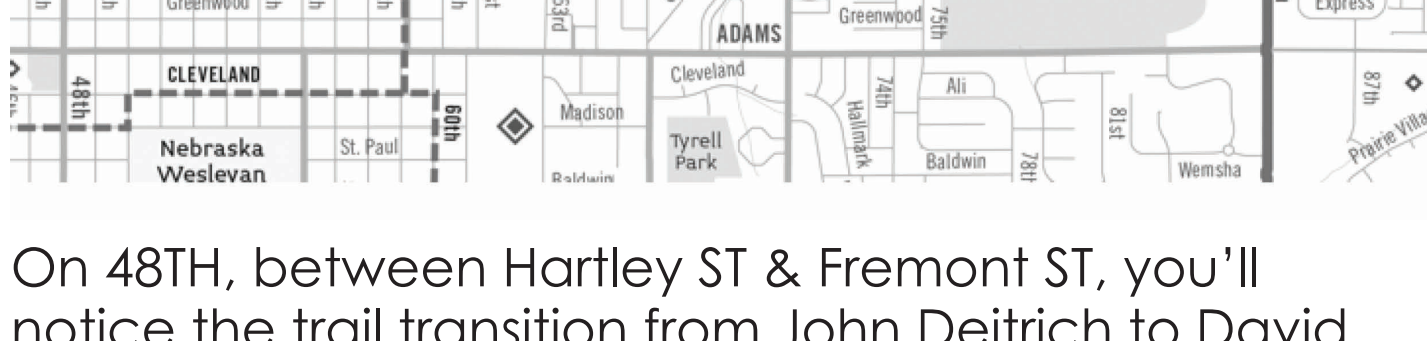

On 48th, between Hartley St & Fremont St, you'll notice the trail transition from John Deitrich to David Murdock. The Murdock trail goes mainly east, traveling from N. 48th St. to N. 112th St. It transitions from John Dietrich at N. 48th between Hartley & Fremont streets.

Parking: you can park near 48th & Hartley/Fremont or at Mahoney Park depending on where you want to start/stop.

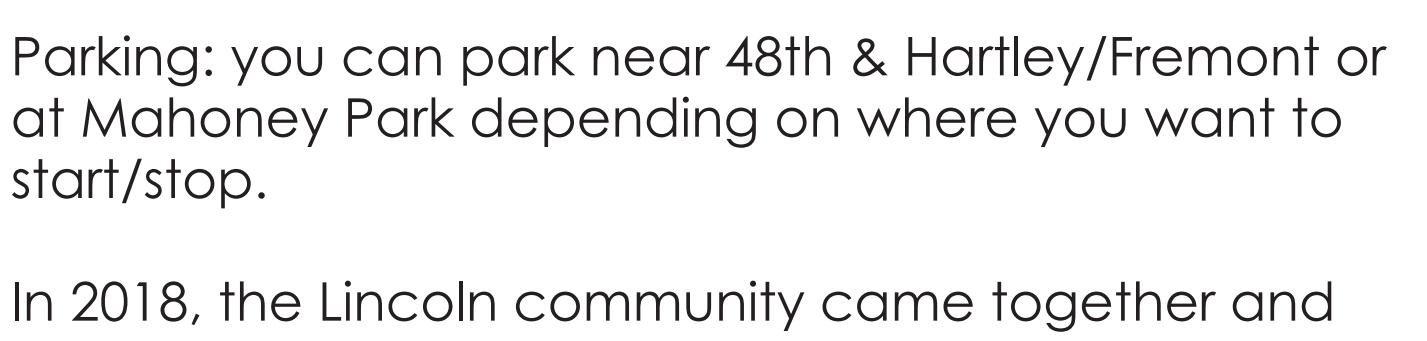

In 2018, the Lincoln community came together and raised money to pave more of the Murdock trail. This trail is heavily used by High School and the TRANSITION TO SHANDA DIXON LOOP Wesleyan University track teams. To help the individual needs of the runners the trail has a limestone trail along side the paved section.

The trail travels just north of Mahoney Park (between 70th & 84th). For those who do not want to travel east of town "too far," we suggest stopping at 84th street but know you will miss a beautiful section of the trail if you do.

Helpful tip: You may want to park at Mahoney Park and choose a direction to go. Going east - from 84th St to 112th St is approximately 2 miles. Going west - from 84th St to 48th St is approximately 2.84 miles. Also, parking here would allow you to try the bonus trail if you choose.

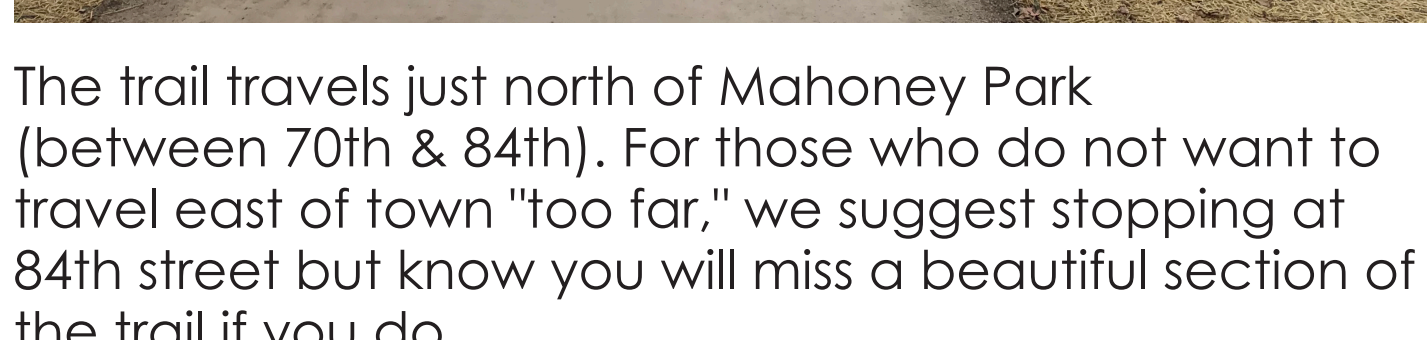

Trail dead-ends at 112th St. If you choose to park at 112th St, know that you will have to park on the side of the road.

TRANSITION TO SHANDA DIXON LOOP

Just before you cross 84th Street on the Murdock trail, you'll see a turn into Mahoney Park, where you can run the Shanda Dixon Loop. The Shanda Dixon trail sign is where the David Murdock trail enters Mahoney park. It is also the start of the 84th street trail which we will explore later in the year.

Parking: Anywhere in Mahoney Park. This trail is simple to follow. It makes a big loop around the park.

THANK YOU

Stay safe, active & healthy. We look forward to seeing you on the trails!
