

# February 2025 - 5.08 Miles

# MoPac West Trail

This month's trail is the MoPac West, offering a scenic route from the east side of Lincoln to the heart of the city. Along the way, enjoy views of parks, cross bridges, and, if you look closely, you might spot a hidden neighborhood lake.

## Trail Instructions:

- **Trail Direction:** We recommend running, walking, or riding east-to-west, finishing downtown to experience the entire MoPac West Trail. MoPac East is also accessible at the eastern end, but it is not part of the Trail-A-Thon.
- **Start Point:** Park at the trailhead on the east side of 84th Street, just south of O Street. Head west toward downtown. At the intersection of N. Cotner & Vine, continue west across the intersection.
- **Trail Path:** You'll cross 33rd Street using a yellow flashing light sign as you enter Peter Pan Park. Continue on to cross the beautiful bridge named after Elaine Hammer, the mother of the trails. We lost Elaine in November 2022, and her memory will be greatly missed.
- **Onward:** At the bottom of the bridge, cross 26th Street, then take a left onto 24th Street. Make a quick right as the trail continues on W Street. Ride behind the Prem Paul Research Center (formerly Whittier Junior High School).
- **Sign at Vine Street Ramp:** The sign pictured is located at the top of the ramp on Vine Street, just east of N. Antelope Valley Parkway. Turn right at this sign to descend the ramp.
- **End Point:** The trail ends at the intersection of the Billy Wolff Trail, located at the bottom of the ramp where you turn off Vine Street. This marks the end of the MoPac West Trail.

Enjoy your adventure along the MoPac West Trail!
